

Resource for validation of image

<https://medium.com/world-of-mind/rails-howto-transforming-and-validate-images-with-active-storage-405602d363df>

I have to change it with chatgpt cause return an error when no avatar is attached

Resource for validate size

<https://medium.com/@shilpikayal/activestorage-resizing-and-validating-the-image-file-8ff63fe7cba9>
